80

IMAGINE IF

*...intuitively nurturing
life on this planet came
down to each decision
that we make on a daily,
hourly basis...*

81

IT DOES!

82

The Sustainable Suite Design Competition

83

a project created to raise awareness and increase momentum around sustainability throughout the hospitality industry.

The Sustainable Suite Design Competition

84

the winner's vision for
the Sustainable Suite
will come to life!

The Sustainable Suite Design Competition

85

the model guestroom,
which will represent
market-leading
sustainable hotel interior
design, will be
constructed as a 20" x
20" educational exhibit
and will debut at the
HDExpo in May 2010.

The Sustainable Suite Design Competition

86

Judging!

The Sustainable Suite Design Competition

87

winning design will
serve as an educational
showcase of sustainable
hospitality design that
will be seen and
experienced by
everyone, from the
general public to
seasoned industry
professionals

The Sustainable Suite Design Competition

88

subject to available
funds, the Sustainable
Suite will then become a
travelling educational
exhibit displayed at other
industry conferences

The Sustainable Suite Design Competition

89

winning design will be announced by October 2009!
